PROJECTS

ATM Interface -Java (04/2023 - 05/2023)

- Developed code for ATM Interface in Java. Project allows 5 operations like transaction history, withdraw, deposit, transfer, quit. These functionalities are unlocked after entering proper login credentials only.
- Github repository link:
https://github.com/komal3011/ATM_Interface.java/blob/main/ATM_Interface.java

Online Reservation System -Java (04/2023 - 05/2023)

- Developed code for Online Reservation System in Java. After entering proper login credentials in login form user will be enabled to access main system. Under reservation form user have to enter basic details. For cancellation of form user need to enter PNR number and press ok.
- Github repository link:
https://github.com/komal3011/Reservation_System.java/blob/main/Reservation_System.java

Professional Portfolio Website (05/2024 - 06/2024)

- Visually appealing website created using html and CSS shows my educational background, skills, projects and contact info. Viewer can navigate from one page to another result in seamless experience.
- Github: <https://github.com/komal3011/portfolio-website>

Payment Form (05/2024 - 06/2024)

- Payment form created using html and CSS. Form accepts users general information and bank card details.
- Github: https://github.com/komal3011/Payment_Form.html

Travel Agency (02/2024 - 02/2024)

- Travel Agency software system allows travel agencies to maintain their travel packages itinerary and passengers.
- Github: <https://github.com/komal3011/Travel-Agency>

INTERNSHIP

Intern Java development

Oasis Infobyte

04/2023 - 05/2023

Achievements/Tasks

- Developed open source projects like ATM Interface and Online Reservation System in Java.
